Hi Gary,

I hope you are doing well. I am just checking in with you. The shutdown really messed up my schedule since I had 3 trips planned during the time around the shutdown. I am working with RPMs to reschedule trips and so forth. I am trying to reset my work schedule.

Anyhow, please let me know if you have any questions or concerns. I know you are probably working on the review comments to submit back to the PRP.

Take care.
